## HOW WE CAN HELP YOU FROM FRESHERS WEEK TO GRADUATION

With over 50 years' experience in the world of display and exhibition we can ensure your event gets the impact it deserves. Whether you wish to purchase or hire, we can help you every step of the way from planning through to installation.

- The SD display boards are the traditional panel solution to divide rooms, display posters for art/ photographic exhibitions, showcase courses available or create mini exhibitions.
- SD's patented hook-and-slot, no tools assembly ensures easy installation. Our panels are versatile, durable, portable and practical. The standard board weighs only 8kg, measures 2m x 1m and is covered in a mid-grey woven fabric which is Velcro compatible.
- Different configurations optimise your available space.
- Boards are fire-rated to BS476 Class 1
- Our experienced, professional team are on call to install and dismantle your show at your chosen venue.
- We regularly look after a number of venues in the South of England including University College London, University of Oxford and University of Surrey.

## ZIG ZAG DISPLAYS

Used often for art and photography exhibitions the boards also double up as excellent space dividers.

## PROMOTIONAL BOOTHS

Used often for freshers week and for end of year shows

## LANDSCAPE DISPLAYS

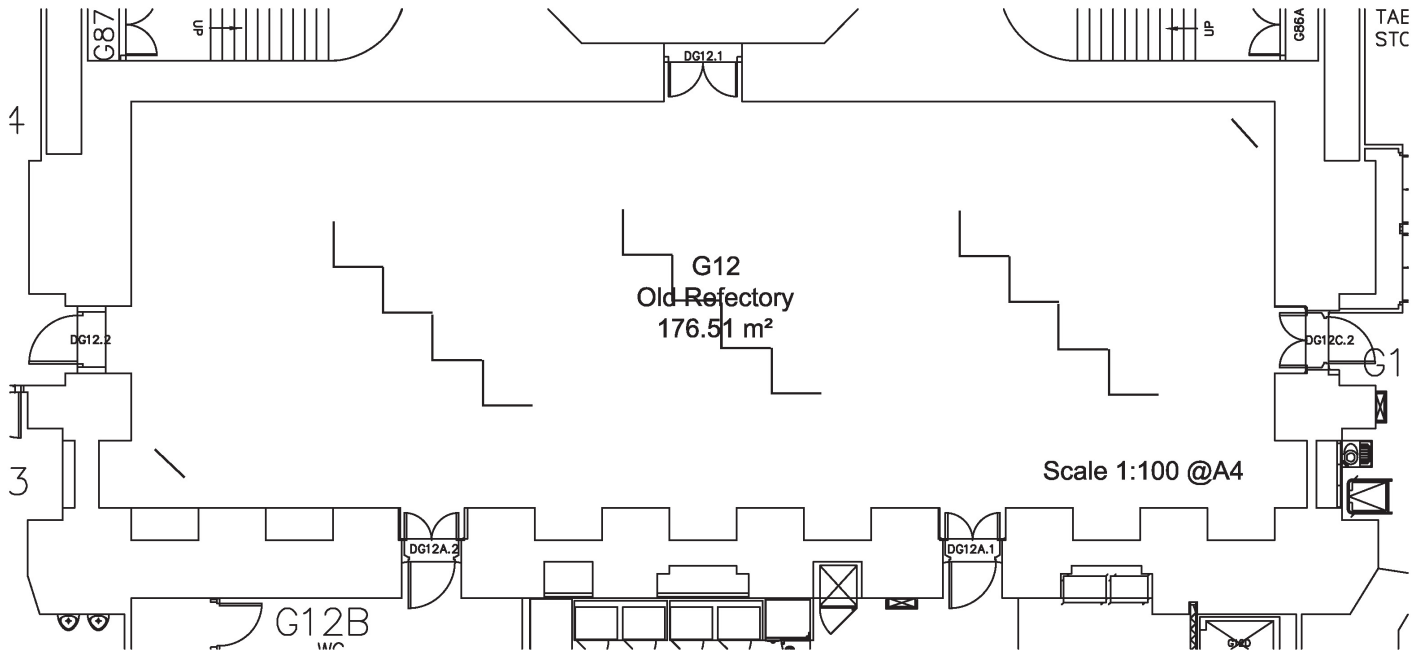

Perfect for art and photography events. Useful for exhibition layouts and guiding your visitors along a desired path

## CONSULTATION BOOTHS

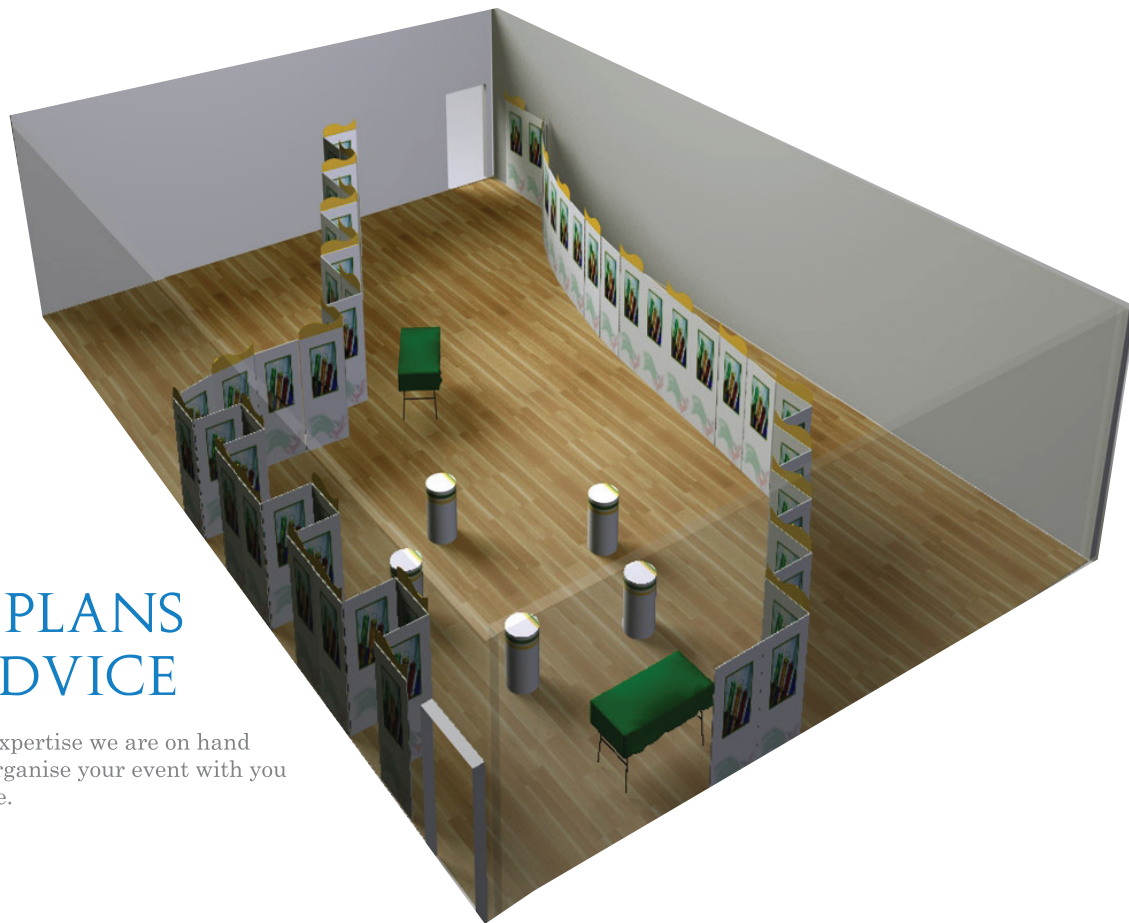

Used often for interviews, freshers week and occasionally for productions and performance/plays

## FLOOR PLANS AND ADVICE

With our years of expertise we are on hand to help plan and organise your event with you no matter the scale.

## SHELL SCHEMES

Incredibly versatile these systems are easy to set up and dismantle offering you a huge number of configurations and accessories for any event.

# SD - DISPLAY - TESTIMONIALS

“We have used SD for over four years now as our supplier for display boards. We have always received great customer service from making the initial request all the way through to installation with their support and advice being invaluable”
